

POLICY ON PROPER FUNCTIONING OF HEARING AIDS

Special Education teachers having students wearing hearing aid(s), shall have the responsibility of ensuring that the hearing aid is functioning properly. The following procedures will be followed in checking hearing aids once weekly:

1. Have child remove hearing aid(s).
2. Adjust volume control to maximum to cause an overload resonance tone.
3. If high squelch tone is heard, hearing aid is functioning properly.
4. If no high squelch tone is heard, further action must be taken to ensure the proper functioning of the student(s) hearing aid(s).

Hearing Aid Checklist
