**All** students enrolling in Grant High School must have official records from the school he/she is transferring from in order to be properly enrolled. We contact the previous school to receive these records. The following are the records needed from the transferring school:

- Withdrawal grades/report card
- Transcript
- Test scores
- Attendance
- Discipline

All records will be reviewed by administration. If there are any unsettled issues from the transferring school, the parish superintendent and school board will have to approve the enrollment.

Thank you,
